VISHAL NATURAL FOOD PRODUCTS

Premium Quality for a Better Life

ABOUT US

We, at Vishaal Natural Food Products (I) Private Limited, a 100% Export Oriented Unit, situated 80 kms from Bangalore are proud to be one of the leading companies which export many Processed Vegetables from India. Vishaal has been in this business of growing, processing and exporting of Gherkins from the year 1998. Apart from Gherkins, the company processes Babycorn, Jalapanos and various types of chillies (both hot peppers and mild peppers).

BRC, BSCI, Hallal and Kosher Certified, we at Vishaal deliver high quality product. The company believes in the concept that quality start from the Field. To get its farmers to grow and deliver the best product, the company helps the farmer in every stage of the plant life. From giving guidance, finance to giving the best possible "green" pesticides to maintain the health of the ultimate consumer, the company helps the farmer through contract farming module. That too by helping the farmer to adopt the concept of Sustainable Agriculture. The company works on the concept of increasing the farmers remuneration by focusing of better yields. Processed in a good and hygiene processing facility, with the help of trained workers having sufficient knowledge in food safety aspects, the company delivers quality products to the customers.

OUR PRODUCTS: A small preview of all the products we process. Most are growing in India, processed and packed in our factory. Finest Olives, Arthichokes and Red Cherry are imported and packed our facility to give you a safe and good product to the Indian Market.
